What is the Kickapoo Rail Trail? This historic 24.5 mile recreational trail links Champaign and Vermilion Counties in east central Illinois, from Urbana on the west to Kickapoo State Park on the east. The trail will traverse some of the most diverse ecosystems in this part of the state, including woodland, prairie, and wetland. Trailheads will be developed near several communities along the route to provide parking and public access to the trail. Scenic areas with benches and educational interpretive signs will offer rest stops for cyclists and hikers.

The rail corridor was purchased in the winter of 2013/14. Your registration fee will assist in the construction of the trail. To learn more about the Kickapoo Rail Trail, visit kickapoorailtrail.org.
